WORLD SCOUT JAMBOREE

Lord Robert Baden-Powell organiseerde in Olympia, Londen in 1920 een eerste grote internationale bijeenkomst van scouts uit de hele wereld. Daarbij waren er 8.000 scouts aanwezig uit 34 landen. Het zette de toon voor een vierjaarlijkse traditie waarbij scouts en gidsen vanuit de hele wereld elkaar ontmoeten. Jamboree is een internationale term geworden die gebruikt wordt om een grote bijeenkomst van scouts en gidsen te beschrijven.

Torpedo!

The game leader divides the players into different groups. These are the submarines. The blindfolded players holds the shoulders of the player before them. Only the last player from every row is able to see. This is the captain. Before the game starts, the captain agrees on different pinch signals with the group. During the game everyone is silent. The captain controls the submarine through the pinch signals. If the captain calls "Torpedo!", the person in the front of the row walks as fast as possible in order to sink another submarine. The last submarine to survive, wins the game.

Petanque with shoes

Fancy a game of petanque but don't have any petanque balls? No problem! Use your shoes instead. Someone throws a shoe in the field. The players now try to throw their own shoe as close as possible to the first shoe.

HINT

Make it a bit more difficult by throwing the shoes with your feet.

I feel ...

All the players stand in a circle. One brave player stands in the middle of the circle. He chooses a feeling. He expresses that feeling through singing. If the player, for instance, chooses the feeling "happy", he can sing "I feel happy!". He also has to create a few moves to go along with that feeling. The other players imitate the dance and they sing "Me too! Me too!". If the player in the middle of the circle stands in front of another player, they switch places. The new player has to choose another feeling and so the game begins again. Be creative.
